

# WE ARE HIRING

## Technical Writer wanted!

UK contract: Remote workplace

## ABOUT OPENRAD

OpenRad is a young company reinventing teleradiology. We are integrating the best cloud-based imaging solution into Europe's No. 1 connectivity product suite to deliver a unique remote reporting system. By combining the individual products and services of Biotronics3D and Visbion, OpenRad can fully digitalize the workflow processes within radiological diagnostic centres. Our zero-footprint, thin-client SaaS-based solutions speed up implementation, increase centre utilization, provide seamless access to all imaging, and at the same time reduce cost of ownership. We are a London- and Berlin-based company targeting customers globally.

OpenRad Services UK Ltd.

# JOB SUMMARY

We are looking for a technical writer who will be responsible for writing, editing, reviewing and updating technical documentation that contributes to the overall success of our products.

As a technical writer, you will collaborate with developers to create software documentation that reflects the software or system for the end users. This includes both user-facing documentation—such as technical manuals and tutorials—and internal developer documentation.

# KEY RESPONSIBILITIES

- Work with internal teams to obtain an in-depth understanding of product & documentation requirements
- Produce high-quality documentation that meets applicable standards & is appropriate for its intended audience
- Write easy-to-understand user interface texts, online help & developer guides
- Create tutorials to help end-users use a variety of applications
- Analyse existing & potential content, focusing on reuse & single-sourcing opportunities
- Ensure compliance of technical documents with regulatory & quality requirements
- Simplify complex documentation for different audiences

# SKILLS & EXPERIENCE

- 4-5 years of proven work experience in technical writing of software documentation
- Ability to deliver high-quality documentation, paying attention to detail
- Ability to quickly grasp complex technical concepts & make them easily understandable, both in text & pictures
- Excellent English technical writing & verbal communication skills
- Strong working knowledge of Microsoft Office
- Previous experience in clinical application preferred
- Knowledge of Latex system preferred
- University degree in Computer Science, Engineering or any equivalent degree preferred

# WHAT MAKES US A GREAT PLACE TO WORK?

Every employee at OpenRad has a voice, carves their own path, and uses their expertise to help co-create and add to our story. Together, we have the power to make meaningful changes to create a truly positive impact and make the world work better for everyone. We offer a chance to work in a way that aligns with your values and allows you to get involved in purposeful work.

**Join us in our exciting journey, a journey that will lead not only to success but also to an industry benchmark that other companies one day will follow.**

**Please send your CV or questions to:  
[recruitment@europe-hr-solutions.com](mailto:recruitment@europe-hr-solutions.com)**

**We do look forward to hearing from you!**
